ACM50210 Diploma of Veterinary Nursing (Surgical)

Revision Number: 1

ACM50210 Diploma of Veterinary Nursing (Surgical)

Modification History

Not applicable.

Description

This qualification is the industry standard for veterinary nurses who provide specialised surgical nursing support for registered specialist veterinarians performing specialised surgical procedures within veterinary clinics or hospitals.

Candidates undertaking study for this qualification should expect that access through paid employment within a veterinary clinic or hospital where a registered specialist performs specialised surgical procedures will be essential for meeting assessment requirements of some units.

The Diploma of Veterinary Nursing (Surgical) is extremely complex and requires access and exposure to an extensive range of specialised surgical procedures, including intrathoracic, internal fixation, external fixation, soft tissue, ophthalmic, skin grafting, oncological surgery, advanced corrective orthopaedics and which may require advanced anaesthetic monitoring. It also requires access to a veterinary clinic or hospital where specialised surgical procedures are performed; veterinary surgeons that perform specialised surgical procedures; patients and clients requiring specialised surgical procedures; and the equipment, instruments and resources required to perform specialised surgical procedures.

Job role

The job role that this qualification describes includes:

- Veterinary surgical nurse.
-

Licensing/Regulatory Information

Licensing, Legislative, Regulatory or Certification Considerations

There is a direct link between this qualification and approval to perform veterinary nursing duties under the Western Australian (WA) Veterinary Surgeons Act 1960 as amended. The WA Veterinary Surgeons Board must approve qualified persons to carry out the duties of veterinary nurses and must authorise persons enrolled in approved courses to perform the duties of trainee veterinary nurses. Candidates should confirm the regulatory requirements that apply in their relevant state or territory. In addition, individual units of competency may specify relevant licensing, legislative and/or regulatory requirements.
