**Release: 1**

# Assessment Requirements for AHCMOM206 Conduct grader operations

## Modification History

Release	TP Version	Comment
1	AHCv1.0	Initial release

## Performance Evidence

The candidate must be assessed on their ability to integrate and apply the performance requirements of this unit in a workplace setting. Performance must be demonstrated consistently over time and in a suitable range of contexts.

The candidate must provide evidence that they can:

- identify and report work health and safety hazards
- operate a grader safely
- operate the grader's features and attachments consistent with operator manual
- carry out all work with consideration of environmental impact
- carry out day to day servicing and minor maintenance
- complete machinery use records
- follow enterprise work health and safety policies

## Knowledge Evidence

The candidate must demonstrate knowledge of:

- grader and site safety requirements
- grader characteristics, technical capabilities and limitations
- grader operational and maintenance procedures
- enterprise work health and safety policies

## Assessment Conditions

Competency is to be assessed in the workplace or simulated environment that accurately reflects performance in a real workplace setting. All evidence collected must meet minimum requirements including industry standard timeframes for performance of tasks.

Assessors must satisfy current standards for RTOs.
