Assessment Requirements for AHCPHT304 Harvest horticultural crops mechanically

Release: 1

Assessment Requirements for AHCPHT304 Harvest horticultural crops mechanically

Modification History

Release	TP Version	Comment
1	AHCv1.0	Initial release

Performance Evidence

The candidate must be assessed on their ability to integrate and apply the performance requirements of this unit in a workplace setting. Performance must be demonstrated consistently over time and in a suitable range of contexts.

The candidate must provide evidence that they can:

- attach and uncouple associated equipment
- conduct pre- and post-operational checks
- operate horticultural harvesting machinery and equipment in a safe, efficient and controlled manner
- perform operator maintenance tasks
- record work activities

Knowledge Evidence

The candidate must demonstrate knowledge of:

- principles and practices for operating crop harvesting machinery
 - basic diagnostic techniques
 - components and controls features and functions
 - crop quality assurance and hygiene requirements
 - equipment characteristics, technical capabilities and limitations
 - manufacturer and workplace requirements for pre-operational checks, machinery operation techniques, operator level servicing and shutdown and emergency procedures

Assessment Conditions

Assessors must satisfy current standards for RTOs.
