# Assessment Requirements for AHCPRK206 Conduct outdoor pig operations

## Modification History

Release	TP Version	Comment
1	AHCv1.0	Initial release

## Performance Evidence

The candidate must be assessed on their ability to integrate and apply the performance requirements of this unit in a workplace setting. Performance must be demonstrated consistently over time and in a suitable range of contexts.

The candidate must provide evidence that they can:

- prepare housing
- provide for care and welfare of pigs
- carry out operational tasks
- check pigs
- complete records
- follow work health and safety policies
- follow biosecurity policies
- follow animal welfare policies
- follow environmental policies

## Knowledge Evidence

The candidate must demonstrate knowledge of:

- relevant legislation, codes of practice, industry standards and guidelines for outdoor pig production
- types, functions, characteristics, cleaning and maintenance of outdoor pigs
- requirements and components of enterprise work routines for outdoor pigs
- types, functions, characteristics, cleaning and maintenance of relevant outdoor pig housing and production installations and equipment, such as feeders and drinkers
- techniques and methods for humane handling and restraint of pigs in outdoor production environments
- requirements, methods and procedures for weaning piglets
- requirements, methods and procedures for formation of viable groups, and the impacts of a viable group on individual pig health and production

- signs of health, signs of ill health, and methods for assessing pig health, welfare and behaviour
- nutritional requirements and methods and procedures for feeding and watering outdoor pigs
- criteria and methods of assessing optimal stocking densities of pigs
- requirements, methods and procedures for removal and disposal of pig carcasses
- types, uses and procedures of relevant veterinary and preventive treatments of pigs
- types, handling, use and disposal of cleaning agents and disinfectants, work health and safety and environmental practices for these chemicals
- types of documentation and records that are required for pig operations
- requirements and maintenance of outdoor pig production environment
- relevant work health and safety and biosecurity requirements and environmental practices

## Assessment Conditions

Competency is to be assessed in the workplace OR workplace and simulated environment that accurately reflects performance in a real workplace setting.

Assessors must satisfy current standards for RTOs.
