Assessment Requirements for AMPA2074 Operate strapping machine

Release: 1

Assessment Requirements for AMPA2074 Operate strapping machine

Modification History

Release	TP Version	Comment
1	AMPv2.0	Initial release

Performance Evidence

The candidate must operate a carton strapping machine.

The candidate must:

- operate the strapping machine according to manufacturer specifications and work instructions
- use correct procedure for applying carton seals
- monitor the strapping machine and strapping progress
- recognise and correct strapping faults including obscured labels
- apply relevant regulatory requirements
- use communication skills relevant to work instructions

Knowledge Evidence

The candidate must demonstrate a basic factual, technical and procedural knowledge of:

- workplace health and safety hazards and requirements associated with the operation of strapping machines
- the need to maintain intact and undamaged cartons by strapping
- purpose of strapping cartons
- work instructions for operating a carton strapping machine
- relevant regulatory requirements

Assessment Conditions

Assessment must occur in the workplace under normal production conditions.

Competency must be demonstrated at normal chain speed.

As a minimum, the following three forms of assessment must be used:

- quiz of underpinning knowledge
- workplace demonstration
- workplace referee or third-party report of performance over time

Assessors must satisfy the current standards for RTOs.
