Assessment Requirements for AMPA3008 Seal bung

Release: 1

Assessment Requirements for AMPA3008 Seal bung

Modification History

Release	TP Version	Comment
1	AMPv2.0	Initial release

Performance Evidence

The candidate must manually, or with the aid of a machine, seal the bung.

The candidate must:

- seal bung to workplace standards
- apply relevant regulatory requirements
- apply communication skills relevant to work instructions and Standard Operating Procedures (SOPs)

Knowledge Evidence

The candidate must demonstrate a factual, technical, procedural and theoretical knowledge of:

- anatomy relevant to sealing the bung and the importance of correctly sealing the bung
- work instructions and workplace health and safety requirements
- potential for contamination and cross-contamination
- relevant regulatory requirements

Assessment Conditions

Assessment must be conducted in an operating abattoir or knackery.

Competency must be demonstrated at normal chain speed.

As a minimum, the following three forms of assessment must be used:

- quiz of underpinning knowledge
- workplace demonstration
- workplace referee or third-party report of performance over time

Assessors must satisfy the current standards for RTOs.
