Assessment Requirements for AMPA3013 Make second leg opening cuts

Release: 1

Assessment Requirements for AMPA3013 Make second leg opening cuts

Modification History

Release	TP Version	Comment
1	AMPv2.0	Initial release

Performance Evidence

The candidate must perform second leg opening cuts on the hind leg of cattle, buffalo, camels, horses or deer.

The candidate must:

- demonstrate methods used to achieve a hide with good shape and consistency
- follow the requirements of the relevant work instruction
- dispose of any trimmings in accordance with work instructions
- apply communication skills relevant to work instructions and Standard Operating Procedures (SOPs)
- apply relevant regulatory and workplace requirements

Knowledge Evidence

The candidate must demonstrate a factual, technical, procedural and theoretical knowledge of:

- anatomical features of livestock relevant to second leg opening cuts
- second leg operations and work instructions
- equipment sterilisation requirements
- relevant workplace health and safety requirements
- enterprise quality requirements for hides
- relevant regulatory and workplace requirements

Assessment Conditions

Assessment has to be conducted in an operating meat processing plant.

Competency must be demonstrated at the normal chain speed over a period of time.

As a minimum, the following three forms of assessment must be used:

- quiz of underpinning knowledge
- workplace demonstration
- workplace referee or third-party report of performance over time

Assessors must satisfy the current standards for RTOs.
