AMPS201 Package product using thermoform process

Modification History

Release	Comments
Release 3	This version released with AMP Australian Meat Processing Training Package Version 5.0.
Release 2	This version released with AMP Australian Meat Processing Training Package Version 4.0.
Release 1	This version released with AMP Australian Meat Processing Training Package Version 2.0.

Application

This unit describes the skills and knowledge required to package meat and meat products using a thermoform process.

Operators in meat processing premises may require this unit to package product and extend shelf life.

All work should be carried out to comply with workplace and hygiene requirements.

This unit applies to individuals who work under general supervision, exercise limited autonomy and have some accountability for their own work.

This unit must be delivered and assessed in the context of Australian meat industry standards and regulations.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

Pre-requisite Unit

Nil

Unit Sector

Smallgoods sector

Elements and Performance Criteria

Elements	Performance Criteria

<i>Elements describe the essential outcomes.</i>	<i>Performance criteria describe the performance needed to demonstrate achievement of the element.</i>
1. Set up and adjust thermoforming machinery and materials	1.1 Set up thermoforming machinery and materials for a variety of product specifications according to manufacturer's specifications and workplace, workplace health and safety, and hygiene requirements 1.2 Adjust thermoforming machinery and materials according to manufacturer's specifications and workplace, health and safety, and hygiene requirements
2. Set up requirements for packaging	2.1 Set up requirements for packaging to workplace, workplace health and safety, and hygiene and sanitation requirements
3. Operate thermoforming machinery	3.1 Operate thermoforming machinery to throughput requirements for a variety of products according to manufacturer's specifications and workplace, workplace health and safety, and hygiene requirements
4. Change dates	4.1 Change dates on the date coder according to manufacturer's specifications and workplace, health and safety, and hygiene requirements
5. Clean machinery and materials	5.1 Clean machinery and accessories according to manufacturer's specifications and workplace, health and safety, and hygiene requirements
6. Monitor and identify faulty product and packaging	6.1 Identify faulty product and packaging according to workplace requirements
7. Report and/or fix operating problems on thermoforming equipment and auxiliaries	7.1 Report and/or fix operating problems on thermoforming equipment and auxiliaries according to workplace requirements

Foundation Skills

This section describes those language, literacy, numeracy and employment skills that are essential for performance in this unit of competency but are not explicit in the performance criteria.

Skill	Description
Foundation Skills	essential to performance are explicit in the performance criteria of this unit of competency.
