**Release 1**

# AMPSS00045 Meat Processing Livestock Handler Skill Set

## Modification History

Release	TP Version	Comment
1	AMPv2.0	Initial release

## Description

This Skill Set describes the skills and knowledge to handle animals when preparing for slaughter in meat processing plants, feedlots or saleyards.

## Pathways Information

The units of competency comprising the Meat Processing Livestock Stock Handler Skill Set are drawn from AQF levels II and III in the qualifications, and can be counted towards other qualifications where this is in accordance with the qualification requirements.

## Licensing/Regulatory Information

Not applicable.

## Skill Set Requirements

Complete 6 units of competency.

Unit Code	Unit Title
AHCBIO302	Identify and report unusual disease or plant pest signs
AHCLSK204	Carry out regular livestock observation
AHCLSK205	Handle livestock using basic techniques
AMPCOR204	Follow safe work policies and procedures
AMPA2000	Prepare animals for slaughter
AMPA2006	Apply animal welfare and handling requirements

## **Target Group**

Typically the trainee is a company employee who is engaged in the handling and management of stock at a meat processing plant, feedlots or sale yards.

## **Suggested words for Statement of Attainment**

This Skill Set from the AMP Australian Meat Industry Training Package meets the industry requirements for humane handling of animals when preparing for slaughter in meat processing plants, feedlots or saleyards.
