AURSS00003 Hybrid Electric Vehicle Inspection and Servicing Skill Set

Release: 1

AURSS00003 Hybrid Electric Vehicle Inspection and Servicing Skill Set

Modification History

Not applicable.

Description

Not applicable.

Pathways Information

The skill set may be undertaken in addition to AUR30405 Certificate III in Automotive Mechanical Technology, AUR30308 Certificate III in Automotive Electrical Technology, or as part of AUR40208 Certificate IV in Automotive Technology. The skill set targets mechanics and automotive electricians who require the skills and knowledge to inspect and service HEV systems and components in an automotive workplace.

Licensing/Regulatory Information

Licensing, legislative, regulatory or certification requirements may apply to this skill set.

Skill Set Requirements

Units	
AURETH4010	Test high voltage batteries in hybrid electric vehicles
AURETH4011	Service and maintain electrical components in hybrid electric vehicles
AURETH4012	Deactivate and reinitialise power supply in hybrid electric vehicles

Target Group

This is a skill set covering the requirements for inspecting and servicing hybrid electric vehicles (HEVs) in the automotive retail, service and repair industry.

A total of **3 units of competency** must be completed.

Suggested words for Statement of Attainment

These competencies from AUR05 Automotive Retail, Service and Repair Training Package meet the needs of mechanics and automotive electricians required to inspect and service hybrid electric vehicles. The units are drawn from endorsed Training Packages, and provide the skills and knowledge required by persons inspecting and servicing hybrid electric vehicles.

Licensing, legislative, regulatory or certification requirements may apply to this skill set.
