Release: 1

AVI20316 Certificate II in Aviation Transport Protection (Passenger and Non-Passenger Screener)

Modification History

Release 1. This is the first release of this qualification in the AVI Aviation Training Package.

Qualification Description

This qualification provides individuals with technical and non-technical aviation skills to operate effectively in a broad range of aviation security screening roles.

Individuals working at this level will apply knowledge and skills to demonstrate autonomy and limited judgement in structured and stable contexts within narrow parameters.

This qualification forms some of the requirements for certification as an Aviation Screening Officer as directed by the current Aviation Transport Security Regulations.

People seeking certification should check these requirements with the relevant Australian Government department responsible for aviation transport security.

Use for Defence Aviation is to be in accordance with relevant Defence Orders, Instructions, Publications and Regulations.

Occupations may include:

Aviation Screening Officer

Aviation Transport Protection Officer – Passenger Screener

Aviation Transport Protection Officer – Non-Passenger Screener.

Entry Requirements

There are no entry requirements for this qualification.
