## BSBADM407 Administer projects

### Modification History

Release	Comments
Release 1	This version first released with BSB Business Services Training Package Version 1.0.

### Application

This unit describes skills and knowledge required to perform the activities associated with the administrative aspects of a project, such as measurement, monitoring, reporting, and winding up the project on completion.

It applies to individuals who work under the supervision of an experienced project manager.

It does not apply to project managers or specialist project managers. For specialist project managers, the units of competency in the Project Management competency field are applicable.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

### Unit Sector

Administration – General Administration
