Assessment Requirements for BSBATSIW515 Secure funding

Modification History

Release	Comments
Release 1	This version first released with BSB Business Services Training Package Version 1.0.

Performance Evidence

Evidence of the ability to:

- identify funding sources
- complete funding applications
- confirm submission meets funding body's requirements
- maintain open lines of communication with relevant individuals and network to promote application for funding
- follow appeal procedures if required.

Note: If a specific volume or frequency is not stated, then evidence must be provided at least once.

Knowledge Evidence

To complete the unit requirements safely and effectively, the individual must:

- outline appeal procedures available if funding submission is rejected
- explain concept of community control of organisations and how it may impact the way funding is sourced and used
- describe cultural context in which Aboriginal and Torres Strait Islander boards operate, including their role in upholding traditional and cultural values, and how that may impact the way funding is sourced and used
- list funding sources and their requirements
- identify geographic, social, economic and political contexts in which particular organisations operate and how these may impact the way funding is sourced and used
- identify organisational policies and procedures in relation to obtaining funding
- describe relevant consultancy services to support funding submissions
- list relevant protocols and cultural responsibilities that impact how funding is sourced.

Assessment Conditions

Assessment must be conducted in a safe environment where evidence gathered demonstrates consistent performance of typical activities experienced in the regulation, licensing and risk – ATSI governance field of work and include access to:

- an actual or simulated board
- examples of projects requiring funding
- the internet or other sources of information about funding bodies
- examples of relevant documents.

Assessors must satisfy NVR/AQTF assessor requirements.
