Assessment Requirements for BSBCRT501 Originate and develop concepts

Modification History

Release	Comments
Release 1	This version first released with BSB Business Services Training Package Version 1.0.

Performance Evidence

Evidence of the ability to:

- generate concepts and ideas that provide innovative solutions to identified issues
- evaluate and test concepts and ideas
- present ideas and information to others and reflect on responses
- develop at least two concepts, substantiated and supported with sufficient information to allow implementation to occur.

Note: If a specific volume or frequency is not stated, then evidence must be provided at least once.

Knowledge Evidence

To complete the unit requirements safely and effectively, the individual must :

- describe the broad context in which concepts are being developed
- outline cultural, social and environmental issues and impacts to be considered in developing new concepts
- identify issues and requirements to commercialise the concept
- outline practical and operational issues to be considered in a specific work or community context
- describe the range of broad practical and operational issues that determine whether a concept can be implemented
- identify techniques for generating creative ideas and solutions, and for translating these ideas into workable concepts.

Assessment Conditions

Assessment must be conducted in a safe environment where evidence gathered demonstrates consistent performance of typical activities experienced in the creativity and innovation – critical thinking field of work and include access to:

- a full range of background information required to evaluate the operational factors that will affect the implementation of concepts
- opportunities to collaborate with others throughout the concept development process.

Assessors must satisfy NVR/AQTF assessor requirements.
