Description

This qualification is suitable for people working in a work health and safety (WHS) role who may or may not work under supervision. They may provide leadership and guidance to others and have some limited responsibility for the output of others.

The qualification reflects the role of workers who apply a broad knowledge base and well-developed skills in a wide variety of contexts and may include coordinators, advisors and facilitators.

Pathways Information

Pathways into the qualification

Preferred pathways for candidates entering this qualification include:

- BSB30712 Certificate III in Work Health and Safety or other relevant Certificate III qualifications

OR

- vocational experience in work health and safety roles without a formal qualification.

Pathways from the qualification

- BSB51312 Diploma of Work Health and Safety.

Licensing/Regulatory Information

There is no direct link between this qualification and licensing, legislative and/or regulatory requirements. However, where required, a unit of competency will specify relevant licensing, legislative and/or regulatory requirements that impact on the unit.

Entry Requirements

There are no entry requirements for this qualification.
