## Assessment Requirements for CHCEDS017 Contribute to the health and safety of students

### Modification History

Release	Comments
Release 1	<p>This version was released in <i>CHC Community Services Training Package release 1.0</i> and meets the requirements of the New Standards for Training Packages.</p> <p>Significant changes to elements and performance criteria. New evidence requirements for assessment, including volume and frequency requirements.</p>

### Performance Evidence

The candidate must show evidence of the ability to complete tasks outlined in elements and performance criteria of this unit, manage tasks and manage contingencies in the context of the job role. There must be demonstrated evidence that the candidate has completed the following tasks at least once:

- provided assistance with maintaining a hygienic environment
- adhered to own work role and responsibilities
- communicated effectively with other adults in the working environment
- demonstrated effective application of skills in:
  - active listening
  - communication/interpersonal skills of questioning, informing, listening and discussing
  - negotiation
  - organisation planning and administrative support skills
- implemented safe and hygienic practices
- liaised with and reported to relevant personnel
- responded appropriately to emergency situations

## Knowledge Evidence

The candidate must be able to demonstrate essential knowledge required to effectively do the task outlined in elements and performance criteria of this unit, manage the task and manage contingencies in the context of the work role.

These include knowledge of:

- current curriculum documents
- industrial awards and duty statements as they apply to own role
- potential hazards and risks for students and ways of minimising risk
- safe working practices as applies to the role
- structure of the education system
- emergency procedures and own role in the event of an emergency.

## Assessment Conditions

Skills must be demonstrated in the workplace.

In addition, simulations and scenarios must be used where the full range of contexts and situations cannot be provided in the workplace or may occur only rarely. These are situations relating to emergency or unplanned procedures where assessment in these circumstances would be unsafe or is impractical.

Simulated assessment environments must simulate the real-life working environment where these skills and knowledge would be performed, with all the relevant equipment and resources of that working environment.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
