# CPC40820 Certificate IV in Swimming Pool and Spa Building

## Modification History

Release 2 This version first released with CPC Construction, Plumbing and Services Training Package Release 6.5.

Correction to unit code in Group B: Business skills elective units for Lead team effectiveness from BSBLDR4014 to BSBLDR414.

Release 1 This version first released with CPC Construction, Plumbing and Services Training Package Release 5.0.

Supersedes but is not equivalent to CPC40808 Certificate IV in Swimming Pool and Spa Building. Updated to meet the Standards for Training Packages 2012.

## Qualification Description

This qualification reflects work undertaken by individuals who build and install swimming pools and spas. The work covers a range of trade-related skills associated with in-ground and above-ground pools and spas, as well as planning and project management skills.

Completion of the general induction training program specified by the National Code of Practice for Induction Training for Construction Work (ASCC 2007) is required before entering a construction work site. Achievement of the unit *CPCCWHS1001* Prepare to work safely in the construction industry covers this requirement.

Licensing, legislative, regulatory and certification requirements will vary across states and territories. Relevant state and territory regulatory authorities should be consulted to confirm those requirements.

## Entry Requirements

There are no entry requirements for this qualification.

## Packaging Rules

To achieve this qualification, competency must be demonstrated in:

- 18 units of competency:
  - 8 core units
  - 10 elective units

The elective units must be selected as follows:

- 6 units must be selected from Group A
