# Assessment Requirements for CPPCMN2002 Participate in workplace safety arrangements

## Modification History

Release	Comment
Release 1	This version first released with CPP Property Services Training Package Version 5.0.

## Performance Evidence

A person who demonstrates competency in this unit must participate in two different workplace safety arrangements.

Performance must include:

- communicating effectively with supervisors;
- understanding workplace safety procedures;
- applying basic safety principles in the workplace; and
- assessing and controlling workplace risks.

## Knowledge Evidence

A person demonstrating competency in this unit must identify:

- cleaning workplace safety policies and procedures, WHS standards, supervisory instructions relating to safety measures and PPE.
- workplace hazards and risk control measures in cleaning workplaces, including:
  - equipment and material use, storage, cleaning and disposal procedures
  - range and meaning of workplace safety signs and symbols
  - site safety plan
  - types and purpose of personal protective equipment (PPE)
  - ways to maintain WHS in emergency situations
- workplace requirements for undertaking all aspects of workplace safety arrangements tasks including;
  - key workplace safety policies and procedures,
  - work health and safety standards,
  - supervisory instructions relating to safety measures and PPE.
- workplace procedures for;
  - basic assessment of cleaning work areas for workplace hazards
  - basic health and safety including:

- emergency response and evacuation procedures
- injury, dangerous occurrence and incident reporting
- reporting workplace hazards
- communicating and clarifying work requirements with supervisor, team members or client
- 

## Assessment Conditions

As a minimum, assessors must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.

Assessment of performance must be undertaken in the workplace and/or under realistic workplace conditions which reflect:

- cleaning workplace safety policies and procedures, WHS standards, supervisory instructions relating to safety measures and PPE.
- performing tasks/activities to the level of proficiency and within timelines that would be expected in a workplace; and
- following standard and authorised work practices, safety requirements and environmental constraints.

Assessors are responsible for ensuring that candidates have access to:

- appropriate documents, materials, tools equipment and personal protective equipment currently used in industry;
- legislation and regulations; and
- workplace policies and procedures.
