## **CPPDSM5029 Manage client relationships and networks in the property industry**

Release: 1

# **CPPDSM5029** Manage client relationships and networks in the property industry

#### **Modification History**

Release 1.

Replaces superseded equivalent CPPDSM5029A Manage client relationships and networks in the property industry.

This version first released with CPP Property Services Training Package Version 5.

#### Application

This unit of competency specifies the outcomes required to maintain positive business relationships and active professional networks in the property industry. It requires the ability to share and promote professional experiences within a network, and use interpersonal skills to build trust and improve client relationships.

The unit supports the work of those involved in maintaining business relationships and professional networks. It applies to real estate agents, strata community managers, stock and station agents, Nationwide House Energy Rating Scheme (NatHERS) assessors, and home sustainability assessors.

Licensing, legislative, regulatory or certification requirements apply to this unit in some States and Territories. Relevant state and territory regulatory authorities should be consulted to confirm those requirements.
