Assessment Requirements for CPPWMT4003 Implement waste management plans

Assessment Requirements for CPPWMT4003 Implement waste management plans

Modification History

Release 1   This version first released with CPP Property Services Training Package Release 10.0.

Supersedes and is equivalent to CPPWMT4007A Implement waste management plans.

Performance Evidence

To demonstrate competency, a candidate must meet the performance criteria of this unit by:

- • implementing a waste management plan that achieves waste management objectives involving two of the following:
  - carbon emissions reduction
  - traffic congestion reduction
  - waste avoidance
  - waste minimisation
  - waste recovery and recycling
- monitoring implementation of waste management plan over a defined period and making two recommendations to improve current plan.

Knowledge Evidence

To be competent in this unit, a candidate must demonstrate knowledge of:

- circular economy and objectives to maximise value from resources in the economy
- environmental issues in waste management
- features of waste management plans
- legislative and procedural requirements applicable to implementing waste management plans and relevant to the workplace:
  - commonwealth, state and territory legislation and regulations in the state or territory of operation, including work health and safety (WHS)
  - classifications of dangerous goods and hazardous substances
  - duty of care
  - environmental protection
  - local government by-laws
  - licence requirements
- scheduling techniques

- techniques for monitoring or reviewing waste management plans to identify improvements
- typical hazards and risks associated with waste management operations
- waste hierarchy
- waste types
- workplace policies and procedures for implementing waste management plans:
  - allocating equipment and personnel
  - client service
  - documentation and reporting
  - WHS:
    - hazard identification, risk assessment and control using the hierarchy of control
    - injury, dangerous occurrence and incident response and reporting
    - personal protective equipment.

Assessment Conditions

Assessors must meet the requirements for assessors contained in the Standards for Registered Training Organisations.

Assessment must be conducted in the workplace or in a simulated workplace environment using realistic workplace conditions, materials, activities, responsibilities, procedures, safety requirements and environmental considerations.

Candidates must have access to workplace policies and procedures, waste management plan, operational documentation and resources required to achieve the performance evidence.
