Performance Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the candidate must demonstrate evidence of performance of the following on at least one occasion.

- using a range of different security systems and equipment for the purpose and in the manner intended and authorised
- responding to signals and alarms with the correct action, urgency and process required by instructions and procedures
- using communication codes and signals
- recording and documenting observations and security information

Knowledge Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the depth of knowledge demonstrated must be appropriate to the job context of the candidate.

- organisation's policies and procedures related to monitoring premises
- use of alarm systems and electronic monitoring equipment
- alarm codes and signals used in the organisation
- risks and the requirements for identifying and responding to them
- requirements for incident records and reports
- duty of care

Assessment Conditions

Valid assessment of this unit requires a workplace environment or one that closely resembles normal work practice and replicates the range of conditions likely to be encountered when monitoring and maintaining security of premises, including coping with difficulties, irregularities and breakdowns in routine.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
