- PC 1.1 wording revised |

Application

This unit describes the skills required to patrol premises, monitor security systems and respond to security alarm calls.

This unit applies to those working in detention centres, correctional centres or prisons, community corrections offices, justice administration offices and on work sites where detainees, prisoners or offenders are under statutory supervision.

The skills and knowledge described in this unit must be applied within the legislative, regulatory and policy environment in which they are carried out. Organisational policies and procedures must be consulted and adhered to, particularly those related to monitoring premises.

Those undertaking this unit work independently but regularly use familiar support resources to perform routine tasks in a moderate range of familiar and less familiar contexts. The unit requires basic analysis and communication skills.

No licensing, legislative or certification requirements apply to unit at the time of publication.
