Assessment Requirements for CSCSAS007 Operate central monitoring station

Release: 1

Assessment Requirements for CSCSAS007 Operate central monitoring station

Modification History

Release	Comments
1	These Assessment Requirements were released in CSC Correctional Services Training Package release 1.0 and meet the Standards for Training Packages.

Please refer to the advice in the CSC Assessment Guide.

Performance Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the candidate must demonstrate evidence of performance of the following on at least two occasions.

- observing and interpreting information
- communicating calmly and efficiently under pressure
- using equipment for the purpose and in the manner intended and authorised
- operating and checking routine activities and equipment for security factors

Knowledge Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the depth of knowledge demonstrated must be appropriate to the job context of the candidate.

- organisation's policies and procedures related to the operation of a central monitoring system
- organisation's records and information system
- location requirements, including procedures, protocols and chain of command
- organisation's policies and procedures related to the use of passwords and codes
- alarm signals

Assessment Conditions

Valid assessment of this unit requires a workplace environment or one that closely resembles normal work practice and replicates the range of conditions likely to be encountered when operating central monitoring or communication station, including coping with difficulties, irregularities and breakdowns in routine.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
