**Release: 2**

# Assessment Requirements for CSCSAS020 Manage security

## Modification History

### Release 2

These Assessment Requirements were released in CSC Correctional Services Training Package release 2.0.

### Release 1

These Assessment Requirements were released in CSC Correctional Services Training Package release 1.0 and meet the Standards for Training Packages.

## Performance Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria on at least two occasions and includes:

- using a range of communication equipment and information sources accurately
- maintaining accurate documentation
- making decisions
- using effective oral and written communication

## Knowledge Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria and include knowledge of:

- organisation's policies and procedures related to security and security documentation
- code of conduct
- duty of care
- emergency codes and alarms
- staff roles, responsibility and delegations in security matters

## Assessment Conditions

Assessors must hold credentials specified within Standard 1 of the Standards for Registered Training Organisations current at the time of assessment.

Assessment must satisfy the Principles of Assessment and Rules of Evidence and all regulatory requirements included within Standard 1 of the Standards for Registered Training Organisations current at the time of assessment.

Assessment must occur in suitable workplace operational situations. Where this is not appropriate, assessment must occur in suitable simulated workplace operational situations reflecting actual industry workplace conditions that closely resembles normal work practice and

replicates the range of conditions likely to be encountered by an individual providing support to offenders in Aboriginal and Torres Strait Islander communities effectively as part of a coordinated team, including coping with difficulties, irregularities and changes to routine.

Assessment processes and techniques must be appropriate to the language, literacy and numeracy requirements of the work being performed and the needs of the candidate.

Resources for assessment must include access to:

- relevant and appropriate materials, tools, facilities, equipment and personal protective equipment currently used in the industry
- applicable documentation relevant to the industry including workplace policies, procedures, industry standards, equipment specifications, regulations, codes of practice and operation manuals
- case studies and workplace scenarios to capture the range of situations likely to be encountered.
