Modification History

Release	Comments
Release 2	This version released with CUA Creative Arts and Culture Training Package version 2.0. Updated assessment conditions section. Updated modification history section to reflect changed name of training package.
Release 1	This version first released with CUA Creative Arts and Culture Training Package version 1.0.

Performance Evidence

Evidence of the ability to:

- perform an improvised sequence in a complex dance sequence
- provide and adhere to own individual interpretation of movement boundaries established for the improvisation
- incorporate movement dynamics and partner work into performances
- use terminology associated with chosen dance style correctly.

Note: If a specific volume or frequency is not stated, then evidence must be provided for each of the above points at least once.

Knowledge Evidence

To complete the unit requirements the individual must:

- describe characteristics of chosen dance styles and techniques for improvisation in those styles
- explain how different dance techniques can be used to express emotion and storylines
- describe issues and challenges that arise in the context of developing improvisation skills and suggest ways of addressing them
- describe safety procedures as they apply to performing improvisations that use staging effects, elements and equipment as stimuli.

Assessment Conditions

Assessment must be conducted in a safe environment where evidence gathered demonstrates consistent performance of typical activities experienced in creative arts industry environments. The assessment environment must include access to appropriate dance performance areas or spaces with suitable flooring.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational educational and training legislation, frameworks and/or standards.
