Application

This unit describes the performance outcomes, skills and knowledge required by singers and performers to develop their appreciation of rhythm and vocal expression of songs and the playing of percussion instruments in performances. Styles and genres of music include traditional, cultural, jazz, rock or contemporary. Performances could be in commercial, community or open space settings and performers may be performing solo or as members of an ensemble.

At this level work is normally supervised, though some autonomy and judgement can be expected in live performance situations.

No licensing, legislative or certification requirements apply to this unit at the time of publication.
