

**Australian Government**

# **DEF30217 Certificate III in Preventive Health**

**Release 3**

# DEF30217 Certificate III in Preventive Health

## Modification History

**Release 3.** Updated superseded general elective units.

**Release 2.** Modifications have been made to:

- Unit HLTDEF001 deleted due to zero enrolment

**Release 1.** This is the first release of this qualification in the DEF Defence Training Package.

## Qualification Description

This qualification allows for the attainment of entry-level competencies in preventive health.

No licensing, legislative or certification requirements apply to this qualification at the time of publication.

## Packaging Rules

18 units of competency are required for this qualification comprising:

- 4 core units listed below, plus
- 14 elective units.

Choose a minimum of 12 elective units from the list below, of which 3 must be taken from Group A, 3 must be taken from Group B and 6 must be taken from Group C.

Choose the remaining 2 elective units from the elective unit lists below or from elsewhere within this training package, or from another endorsed training package, or from an accredited course.

All elective units chosen from outside this qualification must support the learning outcomes of this AQF qualification level.

**Elective units chosen must not duplicate content already covered by other units in this qualification.**

Where imported units are selected, care must be taken to ensure that all prerequisite units specified are complied with.

### Core units
