# **Assessment Requirements for DEFGEN026 Manage engineering and logistic operations**

Release: 1

## Assessment Requirements for DEFGEN026 Manage engineering and logistic operations

#### **Modification History**

Release	Comments
1	These Assessment Requirements were released in DEF Defence Training Package release 1.0 and meet the Standards for Training Packages.

## **Performance Evidence**

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the candidate must demonstrate evidence of performance of the following on at least one occasion.

- allocating appropriate resources
- directing, briefing, coordinating and monitoring personnel
- providing reports and appropriate documentation

## **Knowledge Evidence**

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the depth of knowledge demonstrated must be appropriate to the job context of the candidate.

Operational knowledge of:

- characteristics, technical capabilities, effects, employment and limitations of equipment
- material, personnel skills and other requirements of the operational environment
- reporting requirements and procedures associated with the operations

## **Assessment Conditions**

Competency should be assessed in an actual workplace or in a simulated environment, with access to equipment and infrastructure appropriate to the outcome. Competency should be demonstrated over time to ensure the candidate is assessed across a variety of situations.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
