Assessment Requirements for DEFMIL025

Operate Defence communications equipment

Release: 1

Assessment Requirements for DEFMIL025 Operate Defence communications equipment

Modification History

Release	Comments
1	<p>These Assessment Requirements were released in DEF Defence Training Package release 1.0 and meet the Standards for Training Packages.</p> <ul style="list-style-type: none">Assessment Requirements created drawing upon specified assessment information from superseded unit

Performance Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the candidate must demonstrate evidence of performance of the following on at least one occasion.

- identifying basic equipment faults
- operating current radio equipment, including secure equipment
- reporting communications faults and deficiencies
- using radio telephone procedure, including codes
- utilising communications systems
- setting up and operating the current in-service, secure and insecure, communications equipment
- utilising correct radio telephone procedure
- maintaining communications using alternative strategies when contact is lost

Knowledge Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the depth of knowledge demonstrated must be appropriate to the job context of the candidate.

- classified material handling procedures
- communications protocols, policy and procedures relevant to the operation of communications equipment
- composition of teams and roles and responsibility of team members
- message formats
- principles of teamwork and teams, aims and objectives
- radiation hazard (RADHAZ) awareness

- radio telephone procedure, including the use of codes
- range of communications equipment and accessories available
- security procedures

Assessment Conditions

Competency should be assessed in an actual workplace or in a simulated environment, with access to equipment and infrastructure appropriate to the outcome. Competency should be demonstrated over time to ensure the candidate is assessed across a variety of situations.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
