**Release: 1**

# Assessment Requirements for DEFSEN005 Operate decoy systems

## Modification History

Release	Comments
1	<p>These Assessment Requirements were released in DEF Defence Training Package release 1.0 and meet the Standards for Training Packages.</p> <ul style="list-style-type: none"><li>• Assessment Requirements created drawing upon specified assessment information from superseded unit</li></ul>

## Performance Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the candidate must demonstrate evidence of performance of the following on at least one occasion.

- applying organisational doctrine
- detecting contacts via electronic or sonar means
- optimising electronic suite or sonar equipment
- confirming serviceability of decoy systems including all fitted anti-ship torpedo defence (ASTD) or anti-ship missile decoy (ASMD) systems

## Knowledge Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the depth of knowledge demonstrated must be appropriate to the job context of the candidate.

- basic principles and characteristics of anti-ship torpedoes or basic principles and characteristics of missiles
- cryptographic materials
- daily system operability tests
- external and internal communications

## Assessment Conditions

Competency should be assessed in an actual workplace or in a simulated environment, with access to equipment and infrastructure appropriate to the outcome. Competency should be demonstrated over time to ensure the candidate is assessed across a variety of situations.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
