Packaging Rules

17 units of competency are required for this qualification including:

- 7 core units
- 10 elective units

Choose a minimum of 8 elective units from the Group A (Specialisation) and Group B (General) elective lists below, of which 6 must be taken from Group A.

Choose the remaining 2 elective units from either the elective lists below, or elsewhere within this training package, or another endorsed training package, or accredited course.

Where a pre-requisite unit is attached to an elective unit it is identified by this symbol \bot .

The pre-requisite units attached to any of the elective units must be undertaken and are additional to the number of elective units required for the qualification.

The elective units should be selected from the units that most closely align to an individual's occupational outcomes. Electives selected must not duplicate outcomes of other units.

Elective units selected must not duplicate content already covered by other units in this qualification.
