Release 1

FPISS00029 Skill set for a finger jointing plant operator

Modification History

FPI11 V2

Primary release with FPI11 Training Package V2

Description

Not applicable.

Pathways Information

These units provide credit towards a number of qualifications, including:

FPI30311 Certificate III in Sawmilling and Processing

FPI30511 Certificate III in Timber Manufactured Products

FPI30811 Certificate III in Wood Machining

Licensing/Regulatory Information

General workplace legislative and regulatory requirements apply to the units in this skill set; however there are no specific licensing or certification requirements at the time of publication.

Skill Set Requirements

- Units**
- FPICOT2209B Produce finger jointed timber
 - FPICOT3207B Set up, operate and maintain finger jointing operations
 - FPICOT3212B Replace saws, blades and guides
 - MEM18011C Shut down and isolate machines/equipment

Target Group

This skill set is for people who set up, operate and maintain finger jointing operations in a forest products factory setting. Their job role will involve planning production parameters, maintaining and replacing equipment, resolving problems, shutting down and isolating equipment as required to produce finger jointed timber to required specifications.

Suggested words for Statement of Attainment

These competencies from the FPI11 Forest and Forest Products Training Package meet the industry requirements for setting up, operating and maintaining finger jointing operations to produce finger jointed timber according to established production parameters.
