and/or Torres Strait Islander Primary
Health Care**

Release 1

HLT30121 Certificate III in Aboriginal and/or Torres Strait Islander Primary Health Care

Modification History

Not applicable.

Qualification Description

This qualification reflects the role of individuals working in health care support roles in a diversity of locations including urban, rural and remote settings. It is specific to Aboriginal and/or Torres Strait Islander people who work under general supervision as part of a multidisciplinary health care team providing primary health care services to Aboriginal and/or Torres Strait Islander clients and communities. At this level, work involves the provision of generalist health services and the use of some discretion and judgment within the parameters of clearly defined plans, policies and procedures to guide work activities.

This qualification provides a pathway to work in a range of health care settings including Aboriginal and/or Torres Strait Islander community organisations, and the public or private health sector.

The skills in this qualification must be applied in accordance with Commonwealth and State/Territory legislation, Australian standards and industry codes of practice.

No occupational licensing, certification or specific legislative requirements apply to this qualification at the time of publication.

Entry Requirements

There are no entry requirements for this qualification.

Packaging Rules

15 units must be completed:

- 9 core units
- 6 elective units, consisting of:
 - 3 units from the list below
 - 3 additional units from the list below, elsewhere in HLT Training Package, or any other current Training Package or accredited course.

The selection of electives must be guided by the job outcome sought, local industry requirements and the complexity of skills appropriate to the AQF level of this qualification.

Units marked with * include one or more prerequisite units of competency. Please refer to each individual unit for details of prerequisites.
