# Assessment Requirements for HLT AHW001 Work with Aboriginal and/or Torres Strait Islander clients and communities

## Modification History

Release	Comments
Release 2	Updated: <ul style="list-style-type: none"><li>• assessor requirements statement</li><li>• foundation skills lead in statement</li><li>• licensing statement</li><li>• modification history to reflect 2012 standards</li></ul> Equivalent outcome.
Release 1	This version was released in <i>HLT Health Training Package release 1.0</i> and meets the requirements of the 2012 Standards for Training Packages.  Significant changes to elements and performance criteria. New evidence requirements for assessment, including volume and environment requirements

## Performance Evidence

The candidate must show evidence of the ability to complete tasks outlined in elements and performance criteria of this unit, manage tasks and manage contingencies in the context of the job role.

There must be evidence that the candidate has:

- worked effectively with at least three Aboriginal and/or Torres Strait Islander clients by:
  - using culturally safe and appropriate communication, including verbal and body language and gestures, with clients
  - treating information obtained about a client with respect and confidentiality
  - performing own work role in providing services with respect and consideration for Aboriginal and/or Torres Strait Islander people, their histories, cultures and current issues.

## Knowledge Evidence

The candidate must be able to demonstrate essential knowledge required to effectively do the task, under supervision, outlined in elements and performance criteria of this unit, manage the task and manage contingencies in the context of the identified work role.

This includes knowledge of:

- Aboriginal and/or Torres Strait Islander health issues and community beliefs, values, protocols and views on health needs
- Aboriginal and/or Torres Strait Islander history, including:
  - history, social structures, beliefs and values of traditional and contemporary Aboriginal and/or Torres Strait Islander communities in Australia
  - effects of colonisation as experienced by Aboriginal and/or Torres Strait Islander people
  - historical dilemmas faced by Aboriginal and/or Torres Strait Islander people
- history of primary health care and community-controlled health
- basic principles of primary health care
- impacts of government policies and legislation on Aboriginal and/or Torres Strait Islander communities
- rights and responsibilities of clients and workers including code of conduct and duty of care
- issues and challenges for local Aboriginal and/or Torres Strait Islander communities which may impact on work role and delivery of services.

## **Assessment Conditions**

Skills must be demonstrated working:

- in a health service or centre
- under supervision, as part of a primary health care team
- with Aboriginal and/or Torres Strait Islander clients and communities.

In addition, simulations and scenarios must be used where the full range of contexts and situations cannot be provided in the workplace or may occur only rarely. These are situations relating to emergency or unplanned procedures where assessment in these circumstances would be unsafe or impractical.

Simulated assessment environments must simulate a real-life working environment where these skills and knowledge would be performed, with all the relevant equipment and resources of that working environment.

Assessors must satisfy the Standards for Registered Training Organisations (RTOs) 2015/AQTF mandatory competency requirements for assessors.

Assessment must be undertaken by a workplace assessor who has expertise in this unit of competency and who is:

an Aboriginal and/or Torres Strait Islander Health Worker or:

- accompanied by an Aboriginal and/or Torres Strait Islander person who is a recognised member of the community with experience in primary health care.
