Release 1	This version was released in <i>HLT Health Training Package release 1.0</i> and meets the requirements of the 2012 Standards for Training Packages. Significant changes to elements and performance criteria. New evidence requirements for assessment, including volume and environment requirements.

Application

This unit describes the required skills and knowledge as preparation for working with Aboriginal or Torres Strait Islander communities to provide health education and support relating to alcohol and other drugs (AOD) and mental health. It addresses the rights and responsibilities of the position, the system in which this work is undertaken and the professional boundaries and cultural issues relating to this type of work.

This unit applies to those Aboriginal and/or Torres Strait Islander Health Workers providing a range of primary health care services to Aboriginal and/or Torres Strait Islander clients and communities.

The skills in this unit must be applied in accordance with Commonwealth and State/Territory legislation, Australian/New Zealand standards and industry codes of practice.

Elements and Performance Criteria

ELEMENT

Elements define the essential outcomes.

PERFORMANCE CRITERIA

Performance criteria specify the level of performance needed to demonstrate achievement of the Element.

ELEMENT

PERFORMANCE CRITERIA

Elements define the essential outcomes.

Performance criteria specify the level of performance needed to demonstrate achievement of the Element.

1. Work within the context of alcohol and other drugs and mental health

1.1 Consider the relationship between AOD and mental health (including dual diagnosis) when working with clients

1.2 Identify difficulties that the worker may encounter in carrying out their role in the community and take these into consideration in the work
