Skill Set Description

This skill set provides a set of skills for Aboriginal and/or Torres Strait Islander health workers to specialise in child health in Aboriginal and/or Torres Strait Islander community contexts.

Units

CHCPRT001 Identify and respond to children and young people at risk
HLTAHW031 Provide information/strategies to enhance capacities of Aboriginal/Torres Strait Islander families
HLTAHW038 Assess and promote physical and emotional wellbeing of children
HLTAHW039 Monitor early childhood growth and development

Pathways Information

These units may provide credit towards Aboriginal and/or Torres Strait Islander Primary Health Care qualifications higher than the Certificate IV in Aboriginal and/or Torres Strait Islander Primary Health Care Practice.

Licensing/Regulatory Information

No licensing, legislative or certificate requirements apply to this qualification at the time of publication.

Skill Set Requirements

This skill set has been endorsed by industry for workers who hold a qualification at Certificate IV level or higher in Aboriginal and/or Torres Strait Islander Primary Health Care Practice or commensurate industry skills as evaluated through recognition of prior learning processes.

Target Group

This skill set provides a pathway for Aboriginal and/or Torres Strait Islander health workers to specialise in child health in Aboriginal and/or Torres Strait Islander community contexts.

Application of this skill set is only appropriate under the supervision of a relevant health professional and as a member of the health care team.

Suggest words for Statement of Attainment

This skill set meets industry requirements for work with Aboriginal and/or Torres Strait Islander children less than 5 years of age.
