| <u>HLTHOM609C</u> | <u>Provide specific homoeopathic assessment and care</u> |
| <u>HLTHOM610C</u> | <u>Take homoeopathic case</u> |

The importance of culturally aware and respectful practice

All workers undertaking work in health need foundation knowledge to inform their work with Aboriginal and/or Torres Strait Islander clients and co-workers and with clients and co-workers from culturally and linguistically diverse backgrounds. This foundation must be provided and assessed as part of a holistic approach to delivery and assessment of this qualification. Specific guidelines for assessment of this aspect of competency are provided in the Assessment Guidelines for the Health Training Package.
