Assessment Requirements for ICPPRP221 Select and apply type

Release: 1

Assessment Requirements for ICPPRP221 Select and apply type

Modification History

Release	Comments
Release 1	This version first released with ICP Printing and Graphic Arts Training Package Version 1.0.

Performance Evidence

Evidence of the ability to:

- correctly prepare TWO different typesetting jobs using manual or electronic equipment and suitable software to select, set, arrange and modify type according to job specifications and listed performance criteria
- find and use information relevant to task from a variety of information sources.

Note: If a specific volume or frequency is not stated, then evidence must be provided at least once.

Knowledge Evidence

To complete the unit requirements safely and effectively, the individual must:

- identify different printing processes and/or electronic media and explain effects of each on type selection and design
- define aspects of typography that influence design of the brief
- outline limitations with type reproduction in printing processes
- explain characteristics of and differences between serif and sans serif categories
- explain type atmosphere
- identify elements of a dynamic arrangement
- identify and explain text and margin proof-reader marks
- identify and use correct grammar and punctuation, including apostrophes
- list manuals, safety and other documentation relevant to this task and identify where are they kept and what information is included.

Assessment Conditions

Gather evidence to demonstrate consistent performance in conditions that are safe and replicate the workplace. Noise levels, production flow, interruptions and time variances must be typical of those experienced in the Pre-Press field of work and include access to special purpose tools, industry software packages, equipment and materials.

Assessors must satisfy NVR/AQTF assessor requirements.
