Assessment Requirements for ICPSUP243 Reconcile process outputs

Assessment Requirements for ICPSUP243 Reconcile process outputs

Modification History

Release	Comments
Release 1	This version first released with ICP Printing and Graphic Arts Training Package Version 1.0.

Performance Evidence

Evidence of the ability to:

- correctly reconcile process requirements with process outputs, document the information and report any discrepancies.

Note: If a specific volume or frequency is not stated, then evidence must be provided at least once.

Knowledge Evidence

To complete the unit requirements safely and effectively, the individual must:

- demonstrate basic literacy skills to follow work instructions and read job specifications
- demonstrate basic numeracy skills to reconcile process outputs.

Assessment Conditions

Gather evidence to demonstrate consistent performance in conditions that are safe and replicate the workplace. Noise levels, production flow, interruptions and time variances must be typical of those experienced in the Support field of work and include access to special purpose tools, equipment and materials.

Assessors must satisfy NVR/AQTF assessor requirements.
