product component parts - metal spinning  
lathe operations**

**Release 2**

---

## **MEASS00414 MTA067 Aeronautical product component parts - metal spinning lathe operations**

### **Modification History**

Release 2 - Supersedes and is equivalent to MEASS00414 MTA067 Aeronautical product component parts – metal spinning lathe operations with amended unit information.

### **Description**

Not applicable.

### **Pathways Information**

This Skill Set has been developed to assist in compliance with CASR Part 145 and does not relate to an Aeroskills qualification.

### **Licensing/Regulatory Information**

Not applicable.

### **Skill Set Requirements**

MEA145	Conversion from allied trades for employment in aviation maintenance workshops
MEA157	Complete aviation maintenance industry documentation
MEM07030C	Perform metal spinning lathe operations (basic)
MEM07031C	Perform metal spinning lathe operations (complex)
MEM07032B	Use workshop machines for basic operations
MEM09002B	Interpret technical drawing
MEM12023A	Perform engineering measurements
MEM18001C	Use hand tools
MEM18002B	Use power tools/hand held operations

## **Target Group**

Individuals with allied trade qualifications who are employed in CASR Part 145 AMOs and require approval to perform metal spinning lathe operations on aeronautical product component parts.

## **Suggested words for Statement of Attainment**

These competencies from the MEA Aeroskills Training Package meet the requirements for employment of individuals with Certificate III or Certificate IV qualifications in an allied trade in aircraft component maintenance workshops on metal spinning lathe operations on aeronautical product component parts.

## **Custom Content Section**

Not applicable.
