MSFFP2017 Develop a career plan for the furnishing industry

Modification History

Release 1. Changes to code, application, elements, performance criteria, assessment requirements. Foundation skills added. Range of conditions removed. Assessment requirements changed.

Application

This unit describes the skills and knowledge required to research sectors, occupations, training and career paths in the furnishing industry and to develop a personal career plan. Learners with this competency use it to support further study or entry-level work in furnishing and furniture making industries. This unit is usually delivered within a pre-employment training program.

Workers with this competency guide their career development using industry knowledge and an understanding of their own interests and aptitudes.

No licensing or certification requirements exist at the time of publication. Relevant legislation, industry standards and codes of practice within Australia must be applied.
