**Release: 2**

## MTMSS00046 Meat Processing Environmental Officer Skill Set

### Modification History

Release	TP Version	Comments
2	MTM11v3	Replaced missing information in Skill Set Requirements
1	MTM11v1.1	Initial release

### Description

Not applicable.

### Pathways Information

The Units of Competency comprising the Meat Processing Environmental Officer Skill Set are drawn from AQF level II in the MTM11 Australian Meat Industry Training Package, and can be counted towards other meat processing Qualifications where this is in accordance with the Qualification requirements.

Meat Processing Environmental Officers who wish to specialise in environmental jobs could also undertake the Certificate II in Water Industry Operations, with some credit for relevant units already completed, as this is a Qualification increasingly sought after by the industry.

### Licensing/Regulatory Information

Not applicable.
