Assessment Requirements for NWPNET034

Conduct commissioning and post-commissioning activities

Release: 1

Assessment Requirements for NWPNET034 Conduct commissioning and post-commissioning activities

Modification History

Release	Comments
1	<p>These Assessment Requirements were released in NWP Water Training Package release 1.0 and meet the Standards for Training Packages.</p> <ul style="list-style-type: none">Assessment Requirements created drawing upon specified assessment information from superseded unit

Performance Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the candidate must demonstrate evidence of performance of the following on at least one occasion.

- interpreting contractual specifications, job specifications and design plans
- reading and interpreting numerical data relating to asset performance
- making adjustments and alterations to designs
- planning and managing the commissioning and post-commissioning activities associated with asset construction
- interpreting complex documentation in order to prepare a commissioning plan and schedule
- developing an effective commissioning plan and schedule
- undertaking inspections and other commissioning activities to meet organisational requirements and reflect the specifications of the job
- undertaking post-commissioning activities
- managing the processes for addressing defects
- reporting outcomes

Knowledge Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the depth of knowledge demonstrated must be appropriate to the job context of the candidate.

- evaluation and investigation requirements
- reporting requirements
- characteristics, technical capabilities and limitations of relevant materials
- relevant legislation, policies and procedures

Assessment Conditions

Competency should be assessed in an actual workplace or in a simulated environment, with access to equipment and infrastructure appropriate to the outcome. Competency should be demonstrated over time to ensure the candidate is assessed across a variety of situations.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
