Assessment Requirements for NWPSOU011 Maintain catchment and surrounding areas

Release: 1

Assessment Requirements for NWPSOU011 Maintain catchment and surrounding areas

Modification History

Release	Comments
1	These Assessment Requirements were released in NWP Water Training Package release 1.0 and meet the Standards for Training Packages. • Assessment Requirements created drawing upon specified assessment information from superseded unit

Performance Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the candidate must demonstrate evidence of performance of the following on at least one occasion.

- undertaking inspections of catchment and surrounds
- identifying and responding to maintenance problems
- maintaining surface catchment areas
- interpreting work requirements
- monitoring and reporting environmental conditions
- maintaining catchment areas and removing debris and noxious weeds and pests
- performing minor maintenance tasks
- compiling reports

Knowledge Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the depth of knowledge demonstrated must be appropriate to the job context of the candidate.

- environmental, landscape and ground structure of work area
- risk factors and potential hazards of surface water systems
- catchment emergency response and catchment security procedures
- effects of weather and conditions on operation of site or plant

Australian Industry Standards

Assessment Conditions

Competency should be assessed in an actual workplace or in a simulated environment, with access to equipment and infrastructure appropriate to the outcome. Competency should be demonstrated over time to ensure the candidate is assessed across a variety of situations.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
