Application

This unit describes the skills required to conduct and facilitate the analysis of forensic evidence.

This unit applies to those working as police staff involved in forensic examination.

The skills and knowledge described in this unit must be applied within the legislative, regulatory and policy environment in which they are carried out. Organisational policies and procedures must be consulted and adhered to, particularly those related to work health and safety (WHS).

Those undertaking this role would work autonomously while remaining responsible for reporting to senior staff. They would demonstrate adaptability across a broad range of contexts while performing a range of complex tasks.

No licensing, legislative or certification requirements apply to unit at the time of publication.
