# POL SAR003 Manage search and rescue media requirements

## Modification History

Release	Comments
1	This unit was released in POL Police Training Package release 1.0 and meets the Standards for Training Packages.

## Application

This unit describes the skills required to assess media requirements in line with the nature of the search and rescue incident, and to facilitate media presence.

This unit applies to police staff involved in police search and rescue (SAR) operations.

The skills and knowledge described in this unit must be applied within the legislative, regulatory and policy environment in which they are carried out. Organisational policies and procedures must be consulted and adhered to, particularly those related to information security and media engagement.

Those undertaking this role may work autonomously and supervising teams while remaining responsible for reporting to senior staff. They would demonstrate adaptability across a broad range of contexts while performing complex tasks.

No licensing, legislative or certification requirements apply to unit at the time of publication.

## Competency Field

Search and rescue
