**Release: 1**

# Assessment Requirements for POLSAR004 Manage search and rescue operations

## Modification History

Release	Comments
1	These Assessment Requirements were released in POL Police Training Package release 1.0 and meet the Standards for Training Packages.

## Performance Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the candidate must demonstrate evidence of performance of the following on at least one occasion.

- evaluating SAR incidents to determine responses
- communicating, liaising and negotiating with stakeholders
- allocating and monitoring resources
- gathering and evaluating information to identify trends
- developing and communicating recommendations for continuous improvement purposes

## Knowledge Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the depth of knowledge demonstrated must be appropriate to the job context of the candidate.

- management techniques
- WHS requirements
- equipment and resources relevant to search and rescue operations
- jurisdictional SAR system
- roles and responsibilities of agencies involved in SAR
- capabilities of external agencies
- jurisdictional quality management systems
- jurisdictional policies and procedures relating to reporting requirements and media engagement management techniques
- risk management techniques and processes

## Assessment Conditions

This unit contains no specific industry-mandated assessment conditions. Guidance on suggested and recommended conditions and methods can be found in the Implementation Guide.

Consideration must be given to practical assessment for this unit. Refer to advice in the companion volumes.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
