## Application

This unit describes the skills required to identify and use existing coordinated procurement contracts (CPC) and cooperative procurement arrangements (CPA) to establish new CPAs across agencies and to arrange for organisations to procure under these contracts and arrangements.

This unit applies to those working in the public sector with responsibility for arranging the procurement of goods and services.

The skills and knowledge described in this unit must be applied within the legislative, and regulatory and policy environment in which they are carried out. Organisational policies and procedures must be consulted and adhered to.

Those undertaking this unit would work independently, whilst performing complex tasks in a range of familiar contexts.

No licensing, legislative or certification requirements apply to unit at the time of publication.

## Competency Field
