Description

This qualification supports senior staff in a trade measurement environment. The candidate may:

- provide information and advice of a complex nature regarding trade measurement queries
- supervise and support front line trade measurement staff
- conduct investigations into potential trade measurement breaches.

The candidate may work in a department, organisation, division or business unit that provides specialist trade measurement services to employers or other agencies. The qualification is also applicable to candidates who are working in a broader verification or measurement area and seek to pursue a career path in trade measurement within government.
