Release 1

PSP41812 Certificate IV in Government (Road Transport Compliance)

Modification History

| Release | TP version | Comments |
|----------------|-------------------|--------------------|
| 1 | PSP12 V1 | New qualification. |

Description

This specialist qualification covers the competencies required of road transport regulatory staff. The qualification has 4 separate streams to cater for staff in inspection, access, intelligence and multi-skilled roles.

Electives should be chosen to reflect the responsibilities of the individual and the job skills required for effective performance. Where a free choice of electives is possible in the packaging rules electives may be chosen to reflect the work context and career plans of the individual. Training delivery and assessment related to this qualification must be contextualised to the road transport regulatory environment.
